Henry Fuller, Co-Chair
Bob Landman, Co-Chair
Tim Harned, Secretary
David Ciccalone
Jim Maggiore, Select Board Ex-officio

North Hampton Water Commission Meeting
Sept 27, 2021 at 10:00 AM
Town of North Hampton
Upstairs Conference Room
North Hampton NH

(DRAFT)

Commissioners in attendance:

Henry Fuller, Co-Chair
Tim Harned, Secretary (via Zoom)
David Ciccalone
Jim Maggiore, Select Board Ex-officio
Guests: Carl McMorrان (Aquarion) and Michael Tully

Mr. Fuller called the meeting to order at 10:15 AM

Mr. Fuller moved to allow Mr. Harned to attend the meeting electronically via ZOOM. Mr. Maggiore seconded the motion and motion passed 3-0.

The purpose of this meeting is to allow Aquarion to provide a quarterly update to the commission regarding various Aquarion activities.

Aquarion is currently shorthanded on staff and that has impacted the flushing of water mains this year. They are hoping to get Post Rd done this fall.

Mr. McMorrان provided updates on the major capital projects for this year. The PFAS treatment facility is running behind schedule by a couple months due to supply chain issues. It is expected to be online the end of October 2021. There is also ongoing maintenance of the system on High Street and the Jenness Beach tank.

Next year's capital projects will likely be the rework of Well 7 and a number of small projects.

There was a discussion of Hydro Seeders needing landowners' permission to withdraw surface water from water sources on public and private property. Mr. McMorrان confirmed Hydro Seeders can purchase water directly from Aquarion at the Mill Rd facility. They need to up a time to obtain the water in advance with Aquarion.

Mr. Fuller adjourned the meeting without objection at 10:43 AM
